#DOWNTOWNHOTSPOTS

No one wants to be a lost tourist, right? We all want to find the best-hidden gems when visiting a new place. In our mission to offer our guests the very best of Stockholm, we teamed up with some cool, in-the-know Stockholmers to create a digital insider's city guide, that we hope will contribute to a fun and different visit to our capital. Now, with a little help from the locals, you can discover Stockholm from a unique perspective, and really get the most out of your visit.
